Strategic Focus
Best of All, It’s in Hong Kong

In October 2016, we launched the new “Best of all, it’s in Hong Kong” brand campaign. It showcased many of Hong Kong’s unique characteristics in four categories – “Non-stop Intensity”, “Fascinating Contrasts”, “Compact Variety” and “Distinctly Trendy” – and promoted seven core experiences the city offers – living culture, arts and entertainment, sports and great outdoors, attractions, nightlife, dining and shopping.

With additional funding from the Government in 2016/17 in support of the new brand campaign, we produced four new promotional videos under the themes “Gourmet & Nightlife”, “Trendy Arts & Entertainment”, “Family Fun”, and “Great Outdoors & Living Culture” to highlight Hong Kong’s unique appeal.

The new brand campaign was launched in various markets, including the Mainland, Taiwan, South Korea, Japan and Southeast Asia. The promotional videos were broadcast on 70 regional channels and local TV stations, as well as major digital and social media platforms in source markets.

We also promoted Hong Kong’s diverse tourism experiences to visitors, international media and the overseas trade through digital and social media platforms, public relations and trade events to encourage visitors to explore the city’s unique and diverse tourism experiences like a local.

We set up a dedicated website in six languages for the brand campaign. In addition to introducing Hong Kong’s diverse tourism experiences and exciting events, the website provided suggested itineraries, offers by travel trade partners, and other useful information.

During the period from October 2016 to March 2017:
- Video views: over 593 million
- Brand website page views: close to 40 million
- Increase in the number of social media fans of the HKTB: about 500,000

In 2016/17, we continued to focus our marketing resources on 20 key markets, which accounted for approximately 96% of all visitors to Hong Kong.

Mainland China

Our main tasks in the Mainland market were to maintain a positive and hospitable image of Hong Kong, promote the city’s high-quality service, and cultivate the high potential of MICE and cruise tourism.

Promoting a hospitable image and culture of excellent service

We invited 200 Mainland celebrities and key opinion leaders (KOLs) from different sectors to subtly promote Hong Kong’s hospitable image and diverse tourism appeal through their online platforms. To attract more visitors to Hong Kong, we partnered with Tencent to post positive stories and articles about Hong Kong across its digital platforms during major promotional windows.

We also collaborated with major media organisations and travel websites in the Mainland to conduct consumer education and step up promotion of Quality and Honest Hong Kong (Q&H) Tours especially in various cities in northeastern, northern and western China. In addition, we organised roadshows to increase consumer awareness of the Quality Tourism Services (QTS) Scheme and help them identify and choose quality Hong Kong travel products.

- Impressions for the KOL campaign during summer and winter bursts: over 500 million
- Publicity value generated from partnerships with Tencent: over HK$20 million
- Reach and value of QTS Scheme roadshows: 470,000 consumers, generating publicity value of HK$23 million
Building strategic partnerships

In addition to working with major airlines and travel agents to promote offers and travel packages, the HKTB expanded its partnership network, collaborating with popular online travel agencies such as Ctrip, Tuniu and Fliggy. We rolled out special tour products targeting Mainland public holidays and promotional windows of local major events, and enhanced the penetration of our messages through major online video platforms like Tencent, iQIYI, LeTV, Youku and Sohu.

We expanded the Hong Kong Value Offer Programme to more digital platforms, including WeChat and Meituan, to entice more Mainland visitors to Hong Kong and stimulate their spending in the city.

Actively promoting MICE and cruises

The Mainland has always been a key source market for Hong Kong’s MICE and cruise tourism. This year we organised a familiarisation trip for over 20 enterprises’ decision makers and 16 organisers of major academic conferences, summits and forums. We held a corporate event in Qingdao for 52 new corporate clients to showcase the attractiveness as a MICE tourism destination and encourage them to organise MICE events in Hong Kong.

To promote cruise tourism, we partnered with Tencent’s online show “Modern Style” and invited four celebrities popular in the Mainland market – Yan Yikuan, Niki Chow, Kenny Kwan and Ke Hu – to film features that introduced Hong Kong’s distinctive cruise travel products to the young and family segments.

- 12 large meeting and incentive groups with a total of 13,000 pax visited Hong Kong during the end-of-year peak season
- Online cruise tourism promotion results: 9 million video views with a publicity value of over HK$7 million

Michelin-starred chef Chan Yan-tak from Hong Kong’s Four Seasons Hotel was invited to prepare exquisite Hong Kong cuisine for media participants. We also set up a Hong Kong pavilion with the new brand theme at the Taipei International Travel Fair (ITF), the largest travel event in Taiwan, to promote the diverse tourism experiences that Hong Kong offers, in a bid to attract consumers to purchase Hong Kong travel products on the spot.

Therefore, to attract Taiwanese consumers to revisit Hong Kong and discover something they never knew about the city, the HKTB launched a new guidebook titled Let’s Go to Hong Kong, which introduced three aspects of cultural experiences in Hong Kong covering old days of the city to today’s most fashionable hotspots.

Marketing Initiatives

In 2016/17, we launched a series of new marketing initiatives using an innovative approach to promote Hong Kong’s unique experiences and increase international exposure of Hong Kong as a top travel destination.

Making the most of user-generated content (UGC)

True and touching stories are an effective way to get people’s attention and can go viral through social media, creating a wider impact.

Therefore, we launched the #DiscoverHongKong user-generated content campaign and invited international key opinion leaders (KOLs) to share their unique experiences when visiting Hong Kong and to produce promotional videos to encourage visitors to share their “I Never Knew” stories about Hong Kong in the form of videos, text or images via digital and social media. The HKTB re-posted these stories to allow more people to learn about the diverse tourism experiences Hong Kong offers.

- The Fung Brothers: The rapper and comedian duo from the US travelled around Hong Kong looking for trendy gadgets and innovative cuisine.

They produced highly entertaining episodes about authentic Hong Kong food, hip and chic eateries, and Michelin-starred restaurants, which highlighted the appeal of Hong Kong as the culinary capital of Asia.

Expanding online coverage

In addition to film and television media, online platforms are an effective way to reach consumers. We therefore forged strategic partnerships with a number of online media platforms to promote Hong Kong.

In 2016, we worked with CNN and BBC to set up dedicated pages on their online platforms to regularly share Hong Kong travel stories that showcased diverse travel experiences from different angles. For example, we introduced “Hong Kong Sports Month” in collaboration with CNN to highlight the Sun Hung Kai Properties Hong Kong Cyclothon and other mega events in the city. On the BBC’s travel page, we focused on stories about local culture and customs.
We also partnered with a number of international news agencies, including Reuters and Associated Press, to produce photos, videos and articles about various mega events in Hong Kong. The enormous reach of these international news agencies allowed media in different regions to obtain the information about Hong Kong easily and rapidly. The partnerships successfully generated publicity value of tens of millions of Hong Kong dollars.

Total publicity value generated by BBC and CNN dedicated pages: about HK$50 million

Active overseas marketing campaign

We attended the annual Bordeaux Wine Festival in France again in 2016, Hong Kong was the only city in Asia to be invited as a “guest of honour”. We also used the occasion to promote Hong Kong delicacies with “Asia’s Best Female Chef”, May Chow, who prepared an array of Hong Kong-inspired snacks for visitors. To further showcase Hong Kong’s culinary excellence to the events’ VIPs, chef Alvin Leung of Michelin three starred restaurant Bo Innovation prepared two sumptuous meals for the Mayor’s Dinner and 1855 Dinner.

Hong Kong Chinese New Year Celebrations

Chinese New Year in Hong Kong is the city’s biggest and most colourful festival, with a large number of celebratory events, from the International Chinese New Year Night Parade, organised by the HKTB, the Lunar New Year Fairs (Flower Markets), the Lunar New Year Fireworks Display and the Lam Tsuen Well-wishing Festival to the Chinese New Year Race Day, allowing visitors to experience and immerse themselves in the ambience of the traditional festival.

Cathay Pacific International Chinese New Year Night Parade

The 2017 Chinese New Year Night Parade was one of the events held to commemorate the 20th anniversary of the establishment of the Hong Kong Special Administrative Region (HKSAR). The Parade, with the theme “Best Fortune. World Party”, was the largest ever, with 10 floats and 55 teams from 11 countries and regions taking part, bringing a total number of performers up to 3,000 people. The HKTB arranged 350 youngsters from 15 local schools to act as “Lucky Buddies”, handing out 13,000 festive gift packs to spectators along the parade route, spreading joy and good fortune to the audience.

To enable people from around the world to feel the festive culture and vibrancy of Hong Kong’s Chinese New Year celebrations, we broadcast the event live via satellite to TV channels and news agencies worldwide, and broadcast the celebrations live on international cruise ships.

The International Chinese New Year Night Parade attracted 155,000 spectators, more than half of them were visitors.
Hong Kong Arts Month

Every March, Hong Kong hosts a large number of arts and cultural events. The HKTB bundled a range of cultural events and arts landmarks into “Hong Kong Arts Month” for promotion to visitors and international media. As 2017 was the 20th anniversary of the establishment of the HKSAR, the HKTB carefully selected various arts events and attractions in the city for visitors, including “Art Basel Hong Kong”, the “Hong Kong Arts Festival”, and “SOHO Gallery Tours”, to encourage visitors to experience Hong Kong’s arts and culture.

We meticulously selected 20 photographs that highlighted Hong Kong’s lesser-known art spots and used them to promote Hong Kong in the international media. Among the locations were Wong Chuk Hang, a new cluster for culture lovers, and the street art and graffiti in Sham Shui Po, Central and Sheung Wan. To encourage visitors to experience Hong Kong’s unique arts appeal, we also worked with our travel trade partners to promote guided tours featuring arts highlights in Central.

Hong Kong Cultural Celebrations

Hong Kong has retained a number of longstanding historical festivals, such as the Cheung Chau Bun Festival, and the birthdays of Tin Hau, Buddha and Tam Kung. We used Hong Kong Cultural Celebrations as a platform to promote these distinctive traditional celebrations and encourage visitors to take part.
Hong Kong Summer Fun

To promote Hong Kong’s spectacular summer experience, we provided visitors with a series of activities and special offers, including themed parties, concerts, exhibitions, and a host of hot deals on shopping, dining and accommodation to cater for the different needs and interests of visitors.

To tie in with Hong Kong Summer Fun, we built a dedicated website and published brochures that covered authentic local food, souvenirs and distinctive attractions in various districts, including Tai Hang, Wan Chai, Kowloon City and Sham Shui Po, to encourage visitors to shop, eat and play as much as possible.
Hong Kong Dragon Boat Carnival

The three-day Hong Kong Dragon Boat Carnival was held at the Central Harbourfront for the first time. One of the event highlights was the CCB (Asia) Hong Kong International Dragon Boat Races, with this year marked the 40th anniversary of the Races. Another key event highlight was the San Miguel BeerFest, which featured not only ice-cold beer, but also performances by famous DJs, popular singers and top bands. We introduced a brand-new Family Zone in the Carnival, providing local residents and visitors with a wide range of games for the whole family.
Hong Kong Sports Month

A number of great sporting events were held in Hong Kong in October, including the second edition of Sun Hung Kai Properties Hong Kong Cyclothon, organised by the HKTB, the FIA Formula E Hong Kong ePrix, and the Hong Kong Tennis Open. We joined forces with the organisers to actively promote these events and showcase the vibrancy and energetic image of Hong Kong.

Hong Kong Cyclothon

The 2nd Sun Hung Kai Properties Hong Kong Cyclothon was the largest cycling event ever held in Hong Kong and featured a route that encompassed numerous landmarks and major roads. The Cyclothon, which consisted of four races and five cycling activities, attracted over 4,600 riders, including 140 professional cyclists from 27 countries and regions, as well as the professional UCI World Tour cycling teams Lampre-Merida and ORICA-BikeExchange.

The Hong Kong Cyclothon attracted over 51,000 spectators, one third of whom were visitors.

Hong Kong Wine & Dine Festival

The CCB (Asia) Hong Kong Wine & Dine Festival offers delightful surprises to both local residents and visitors every year. The 2016 Festival was the largest ever, with a 20% increase in both the area of the venue and the number of booths. The Festival featured 428 booths serving fine cuisine, wonderful wine from 28 countries and regions, and local gourmet delicacies.

We invited the head chef of Gaggan, which placed first in the list of Asia’s 50 Best Restaurants 2016, as well as celebrated chefs from Michelin-starred restaurants and 2016 Best of the Best Culinary Awards winners, to jointly prepare a sumptuous Master Chef Dinner for visitors at the Tasting Room.

Hong Kong Great November Feast

The Hong Kong Great November Feast followed hot on the heels of the Hong Kong Wine & Dine Festival, building on the hype of the enthusiasm for fine food and delectable drinks. Throughout November, restaurants and bars across Hong Kong offered a wide range of food, drinks and themed events, demonstrating the unrivalled appeal of Asia’s food capital.

Total attendance at the four-day Hong Kong Wine & Dine Festival was over 145,000
Hong Kong WinterFest

In winter, Hong Kong’s skyscrapers, attractions and large shopping malls get all dressed up with dazzling Christmas lighting for the festive occasion. During the period of Hong Kong WinterFest, we put up a 15-metre-tall Christmas tree and other festive installations in Statue Square in Central, and actively promoted the major local winter events and programmes in source markets to encourage visitors to experience the festive winter atmosphere in Hong Kong.
Hong Kong New Year Countdown Celebrations

Title-sponsored by Bank of China (Hong Kong) (BOCHK), the BOCHK Hong Kong New Year Countdown Celebrations 2017 were one of the celebratory events for the 20th anniversary of the establishment of the HKSAR, and were the largest-ever Hong Kong New Year Countdown Celebrations. The show was extended from eight minutes to a full ten. In celebration of the centenary of the Bank of China’s service to Hong Kong, the BOCHK logo and the symbolic "100", together with a variety of new fireworks designs and special lighting effects, were added to the show. We further enriched the festive atmosphere with a street party in Tsim Sha Tsui, where singers and artists, and both locals and visitors were invited to celebrate and participate in the New Year countdown.

We again broadcast the show live via satellite to major TV and media networks worldwide, and livestreamed the show on key social media and video platforms, which effectively increased Hong Kong’s international exposure.

The Hong Kong New Year Countdown Celebrations attracted 334,000 spectators, who viewed the show from both sides of Victoria Harbour.
Hong Kong Pulse 3D Light Show

During the year, we rolled out two rounds of the Hong Kong Pulse 3D Light Show, one during Hong Kong Summer Fun and the other during Hong Kong WinterFest. The performance was projected on the walls of the Hong Kong Cultural Centre and the Clock Tower, along with a dazzling display of lighting effects and 3D projection technology with music and sound effects, making the night view of Victoria Harbour even more spectacular.

The two rounds of the Hong Kong Pulse 3D Light Show attracted over 876,000 spectators, with visitors accounting for more than 40% of the total.
Great Outdoors Hong Kong

Great Outdoors Hong Kong highlighted nine hiking and cycling routes that had won awards or had been recognised by international media. We invited photographer Kelvin Yuen, winner of the National Geographic International Photo Contest, Youth Division, to share his experience in our brand-new guidebook about capturing the beauty of nature through the lens, in an effort to encourage more visitors to experience the stunning natural scenery of Hong Kong.

The HKTB joined hands with airlines and the travel trade in Japan, South Korea and Taiwan to launch tourism products featuring hiking in Hong Kong, in order to entice visitors to explore the city’s natural wonders.
Supporting Other Events

The HKTB proactively supported event organisers in promoting major events held in Hong Kong, including the 2016 Hong Kong Sevens, Hong Kong International Races 2016, Tai Hang Fire Dragon Dance 2016, Clockenflap Hong Kong’s Music & Arts Festival 2016, and Hong Kong Marathon 2017, with the goal of strengthening Hong Kong’s image as the events capital of Asia.
Exciting Events
Trade Partnership

Joint efforts with the travel and related sectors are essential for the continuous development of Hong Kong tourism. In 2016/17, through various initiatives, we supported our industry partners to attract more visitors to Hong Kong and develop more business for local trade.

“Hong Kong Family Fun” and “Getaway to Hong Kong” promotions

Families and young visitors accounted for some 70% of overnight vacation arrivals from the Mainland and short-haul markets in 2016. In order to further realise the enormous potential of these segments, we partnered with travel agencies, airlines, local hotels and attractions to roll out the “Hong Kong Family Fun” and “Getaway to Hong Kong” campaigns. The two campaigns offered attractive travel products to attract families and young visitors by providing discounts on flights, hotel accommodation and tickets to attractions for children who come with their families, and offering young visitors flights and accommodation at special prices, as well as discounted tickets to attractions and mega events.

- The two campaigns were offered in collaboration with 67 overseas travel agencies and involved 34 rounds of promotions targeting 10 source markets (the Mainland, Taiwan, Japan, South Korea, Singapore, Malaysia, Thailand, the Philippines, Indonesia and India)
- The offers mainly covered 12 attractions, over 100 hotels and 22 airlines

Fostering trade exchanges to create business opportunities

In the face of increasingly intense competition, it is vital to strengthen our connections and exchanges with the overseas travel trade, and show them the diverse tourism appeal of Hong Kong.

This year we hosted a number of travel trade events and took part in various international travel exhibitions. We continued the fee waiver for local travel trade members to join these events to encourage participation.

At the 2016 Hong Kong International Travel Expo, our Hong Kong Pavilion attracted about 100,000 visitors from the public and the travel trade, and successfully established a business platform for our participating partners.

The HKTB arranged travel missions for the travel trade to visit key source markets, including Japan, South Korea, the US, UK, Australia and France, to foster closer connections with the overseas trade for new business development.
In 2016/17, we held 34 trade events, which resulted in almost 4,000 business appointments for over 600 travel trade members.

In major consumer shows in Germany, Japan and the Philippines, the HKTB invited Michelin-recommended Hong Kong street food eatery “Mammy Pancakes” to make egg waffles for the participants, leaving them with a positive impression of Hong Kong.

Strengthening trade support to encourage novelty in product offerings

In 2016/17, we continued to encourage the trade in developing creative travel products by providing subsidies on part of the promotion costs through two rounds of the “New Tour Product Development Scheme”. We also made use of our “Explore Hong Kong Tours” platform to help the travel trade promote their products. Among these, the “Hong Kong Movie Tour” and “The Most of Hong Kong” received the biggest response, with the number of tour participants exceeding the original target by 80% and 100%, respectively.

We used the additional funding allocated by the Government to roll out the “Matching Fund for Overseas Tourism Promotion by Tourist Attractions (MFTA) Scheme”. The Scheme subsidised 50% of the overseas marketing and promotion costs for each approved promotion to support local tourist attractions’ overseas promotional work.

As of 2016/17, a total of 33 new tourism products were subsidised under the “New Tour Product Development Scheme”.

Between June 2016 and March 2017, the “MFTA Scheme” supported 161 promotions.
Meetings, Incentives, Conferences and Exhibitions (MICE) helps attract more high-yield visitors to Hong Kong and raise Hong Kong’s international status. The HKTB’s Meetings & Exhibitions Hong Kong (MEHK) office has adopted tailored marketing strategies for different MICE segments in order to attract more MICE events to be held in Hong Kong and strengthen the city’s position as “The World’s Meeting Place”.

Striving to develop new opportunities

Since 2014, the HKSAR Government has allocated additional funding to the HKTB to provide customised support and attractive value-added hospitality to MICE organisers and visitors which has greatly enhanced the winning chance for bidding mega MICE events. Our success rate has increased from 35% to 67% between 2014 and 2016. In the past three years, we successfully won a number of large-scale and strategic MICE events, such as high-profile medical conventions covering various specialties, international events in the technology sector, and mega corporate events. The list of events won in 2016 included the following:

- Asia Pacific Life Insurance Congress 2019 (6,000 pax)
- Critical Communications World Congress (3,800 pax)
- Highlights of American Society of Hematology (ASH) Asia (1,200 pax)
- Jeunesse Global 16th & 17th University 2017 (21,000 pax)
- North Asia Herbalife Extravaganza 2017 (11,000 pax)
- Rise Conference 2017 (10,000 pax)

- Overnight MICE arrivals to Hong Kong rose by 10% in 2016 to 1.89 million
- Their per capita spending exceeded HK $7,700, 17% higher than that of all visitors to Hong Kong
- The mix of MICE visitors was well-balanced, with 51% from the Mainland, 21% from long-haul markets, and 28% from short-haul markets
- From 2014 to 2016, we successfully won over 36 major bids, generating an estimated HK$1.36 billion in tourism receipts for Hong Kong
Supporting trade partners

MEHK worked with our industry partners to actively participate in major exhibitions and trade events in different regions, including Incentive Travel & Conventions, Meetings (IT&CM) in the Mainland, IMEX in Germany and the US, and SATTE in India, allowing us to reach more international buyers, corporations and MICE travel agents. We also supported the local travel trade in developing business by launching a pilot scheme of funding support for them to attract small- and medium-sized MICE groups to Hong Kong.

In 2016/17, over 250 business leads were generated for MEHK and our local trade partners.
Fostering partnerships

We continued to strengthen our partnerships with professional conference organisers and intermediaries, including the American Society of Association Executives (ASAE), HelmsBriscoe (HB), the International Congress and Convention Association (ICCA), and the International Association of Professional Congress Organisers (IAPCO), in order to leverage their communication platforms and networks to reach more potential customers.

We continued to roll out joint promotions with AsiaWorld-Expo, the Hong Kong Convention and Exhibition Centre (HKCEC), the Hong Kong Exhibition & Convention Industry Association (HKECIA), and the Hong Kong Trade Development Council (HKTDC) for overseas industry events such as the UFI Congress in order to uphold Hong Kong’s image as the “Trade Fair Capital of Asia”.

Our strategic partnerships generated 30 business leads for large-scale conventions in 2016
Showcasing Hong Kong’s strengths

We hosted familiarisation tours, study missions and Contract Hong Kong events for strategic partners, and showcased for our overseas industry partners Hong Kong’s MICE products, venues, and the latest developments.

In 2016, we held our largest-ever “Top MICE Agent Awards”, hosting over 50 top MICE agents from the Mainland, India, Indonesia and South Korea for an award ceremony and a familiarisation trip to Hong Kong. We also provided them with first-hand experience with Hong Kong’s latest MICE products and offerings.
Asia’s fast-growing cruise industry offers huge opportunities for Hong Kong. Since the completion of the Kai Tak Cruise Terminal, we have made even greater efforts to develop potential cruise markets and expand our partner network to strengthen Hong Kong’s image as Asia’s cruise hub.

Cultivating source markets

In order to boost consumer interest and demand for cruise travel, we promoted the unique features of Hong Kong as a destination for cruise holidays through both traditional and digital media to generate more pre- and post-stay visits in Hong Kong.

In 2016, we invited movie star Daniel Wu in the “Azure Voyage” campaign to shoot a series of short promotional videos and a magazine guide to share his experience on cruises and the unique charm of Hong Kong.

This year we partnered with a number of cruise lines that use Hong Kong as a homeport or major turnaround port, including Royal Caribbean International, Dream Cruises, and Celebrity Cruises, to launch the Fly-Cruise Co-op programme in key source markets, such as the Mainland, Taiwan, India, Japan, South Korea, Southeast Asia, Australia, the UK, and the US.

Daniel Wu’s “Azure Voyage” campaign: related online video views reached 4.7 million, while the whole campaign achieved more than 53 million impressions

Driving ship deployment

We worked proactively to attract more world-class cruise ships to make Hong Kong a homeport or major turnaround port. In 2016/17, we succeeded in attracting the following ships to be deployed to Hong Kong:

- Royal Caribbean International’s *Voyager of the Seas* extended its homeport season in Hong Kong with 25 sailings between June and October 2016.

- *Ovation of the Seas*, currently Asia’s largest international cruise ship, completed its maiden voyage to Hong Kong in June 2016 and returned to Hong Kong near the end of the year for a mini-homeport season with 6 sailings.
Total ship calls in 2016: 191 (an increase of 34.5% year on year)

Total cruise passenger throughout in 2016: 677,000 (an increase of 49.5% year on year)

Enhancing regional cooperation

We also strive to strengthen our partnership with members of Asia Cruise Cooperation (ACC). A very important milestone in the partnership was that Hong Kong became one of the triple-homeports of Star Cruises’ SuperStar Virgo, along with Taiwan and the Philippines. This new inter-port itinerary best demonstrates the alliance’s commitment to driving continued growth in the regional cruise tourism industry.

In 2017, we again joined with ACC members to participate in Seatrade Cruise Global, the annual global cruise industry event held in the US. The event attracted more than 700 exhibitors from 90 countries. The HKTB was the exclusive sponsor of the focal event “State of the Global Cruise Industry”, set up an exhibition booth, and participated actively in conferences to further boost Hong Kong’s international standing in the cruise industry.

The focal event “State of the Global Cruise Industry”, sponsored exclusively by the HKTB, drew an audience of over 3,000 cruise line executives, industry representatives and international media.

• Asian luxury cruise brand Dream Cruises’ Genting Dream visited Hong Kong for the first time in November 2016 and subsequently had her homeport season in Hong Kong, catering for the high-end market in Asia.

• Star Cruises’ SuperStar Virgo embarked on a new triple-homeport deployment between Hong Kong, Taiwan and the Philippines from March to May 2017.
Top-Notch Service

We strived to promote a hospitality culture and encouraged the tourism industry and related sectors to continue to provide quality service to visitors to enhance the visitor experience, with the goal of forging an outstanding reputation for Hong Kong.

Quality Tourism Services (QTS) Scheme

- As of the end of March 2017, the QTS Scheme covered 1,256 accredited merchants, representing 8,107 outlets and 709 rooms in accommodation in Hong Kong.

- We organised roadshows to Hangzhou and Chongqing with the Quality Tourism Services Association and a dozen QTS-accredited merchants to raise awareness of the QTS Scheme in the Mainland. We invited key opinion leaders (KOLs) to share their experience and opinion of the excellent service during their visits to Hong Kong.

- We partnered with the Quality Tourism Services Association and UnionPay Hong Kong on a joint promotion campaign in the summer of 2016. More than 1,400 outlets across Hong Kong took part in the joint promotion, providing visitors with a range of discounts and offers to stimulate their spending in Hong Kong.

Hangzhou and Chongqing roadshows:

- Participating media outlets: 68
- Media reports: over 800
- Publicity value generated: HK$20 million
Outstanding visitor services

We constantly strive to provide visitors with efficient, high-quality service that enriches the visitor experience. For the convenience of visitors to Hong Kong we expanded our visitor information services by adding a mobile instant messaging app, called Line app, which enables us to provide an instant response to visitors’ enquiries, as well as the latest recommendations and travel information.

• Our Visitor Centres served more than 1 million visitors in 2016/17
• The Concierge Hotline provided services to 127 registered users, including 96 hotels, 6 malls, 8 attractions, 9 QTS-accredited accommodation services, and 8 QTS-accredited department stores
Multi-Destination Travel

The HKTB all along works with neighbouring travel destinations to promote multi-destination itineraries bundling the unique appeal and tourism resources of Hong Kong and other places, complementing each other’s strengths to attract more visitors to the region.

Deepening our partnership with the Taiwan Tourism Bureau

In 2016/17, we continued to work with the Taiwan Tourism Bureau to attract North American visitors by promoting to them more innovative and unique itineraries that allow visitors to enjoy amazing experiences in both Hong Kong and Taiwan in a single trip. We also launched a new Hong Kong-Taiwan package and collaborated on advertisements that highlighted the attractive features of both regions. The advertisement we ran in Canada was awarded an advertising design prize.

The new Hong Kong-Taiwan package was very well received, resulting in double-digit growth in the number of Canadian visitors on Hong Kong-Taiwan itineraries in 2016.
Developing the Hong Kong, Zhuhai and Macao multi-destination market

The commissioning of the Hong Kong–Zhuhai–Macao Bridge (HKZMB) will enable more frequent exchanges among the three cities. To formulate strategies to promote multi-destination travel that caters for the needs of different markets, representatives from the HKTB’s Worldwide Offices visited Zhuhai to learn more about the latest developments and trends in tourism there.

The Belt and Road Initiative also presents enormous opportunities for collaboration among regions along the route. We therefore worked with the Zhuhai Culture, Sports and Tourism Bureau, the Shenzhen Culture, Sports and Tourism Bureau, and the Macao Government Tourism Office to co-host a trade seminar in Thailand, showcasing the tourism highlights of the four destinations. The participating trade members subsequently launched new multi-destination itineraries and products featuring the four destinations.

Over 100 local travel trade members participated in the trade seminar on multi-destination itineraries held in Thailand.
