

Familiarisation Programme for Taiwan Travel Trade

The HKTB has recently organised a familiarisation programme to Hong Kong for around 70 travel trade representatives from Taiwan, to understand more about Hong Kong as an ideal leisure travel, MICE and cruise destination. A briefing on travel product update and a mini-mart were organized to provide a platform for information exchange and business development between travel trade members of Hong Kong and Taiwan. Also, to facilitate communication between trade partners of the Mainland, Hong Kong and Taiwan, and help them to fully reap the business opportunities from the likely implementation of the cross straits direct links, the HKTB arranged a Hong Kong-Xiamen cruise tour for the group, and took them to famous scenic spots in Xiamen. The group was greeted by representatives from the Xiamen and Fujian tourism bureaux upon arrival.
