## Hong Kong Hiking Tour – Dragon’s Back Tour (Tai Tam and Shek O Country Parks)

The vision of Hong Kong Island as a mass of high-rise buildings is shattered when you head into the green hills leading to the southern side. Starting from Wong Nai Chung Gap, this walk explores the beautiful Tai Tam Country Park with its many streams, reservoirs, hills and valleys.

You then cross into Shek O Country Park and follow the coast and join the Dragon’s Back trail, which *Time* magazine declared as the Best Urban Hike in Asia, “the city’s finest and most surprising ramble” with some amazing views over coastline and sea.
