Install Files with PC Suite

All you need to do is to download the file from the website and save it on your computer; connect your handset to your PC; and then install the file on your handset.

Download the HONG KONG Mobile Travel Guide from Website and Save it on Your PC

Note: The HONG KONG Mobile Travel Guide is selected for demonstration only. This installation instruction is suitable for installing all wgz files.

After submitting your file download request, you will receive an e-mail with a link included. Click on the link to download the file.

A dialog box will appear on your computer screen. Please click **“Save”**.

Select **“Desktop”** and then click **“Save”** in the next dialog box. The file will be downloaded from the website and saved on your desktop.

Install Files on Your Handset

To download the file from the computer and install it on your handset, you have to connect your handset to your PC. Connect your handset to your PC with a connectivity cable and select the PC Suite mode.

Providing the PC Suite application is installed on your computer, browse to the location where you save the wgz file, and double-click the file to start the installation.

An alert box will appear on the computer screen. Please select the confirm checkbox.

An alert box will also appear on the screen of your handset. Please click **“Yes”** inside the box to start the installation.

After the installation is completed, an alert box will appear on the screen to confirm.
