**Dolphin Watching Tour** This tour offers you the rare opportunity to see Hong Kong's endangered pink dolphins in their scenic, natural habitat in and around the Sha Chau and Lung Kwu Chau Marine Park, in the western waters of Hong Kong. The pink dolphins (Chinese White Dolphin) are attracted to the marine park because of its rich fisheries.

The tour boat sails past Hong Kong International Airport and along the scenic coast of Lantau and the western New Territories, where you will see fishermen at work.
