

3. Feng Shui Class

Literally meaning 'wind and water', *feng shui* is the ancient Chinese practice of positioning objects and buildings in harmony with nature to ensure good fortune. Often referred to as geomancy, its origins stem from an ancient Chinese respect for the environment, as well as a belief that cosmological influences strongly affect our lives.

Mr Yu is an experienced practitioner of *feng shui* who has taught the discipline to thousands of students for more than 20 years. He has

provided *feng shui* consultancy services to, or conducted workshops for, companies such as Sun Hung Kai, Cathay Pacific Airways and Cable TV. Mr Yu will explain the traditional concepts surrounding the practice of *feng shui*, how it continues to play a significant role in Hong Kong life, and how a basic knowledge of *feng shui* can benefit all of us at work and at home.
